

## **Mongoose JLR** (Jaguar and LandRover)

The Mongoose JLR is a Jaguar and Land Rover approved USB diagnostic tool for HSCAN, MSCAN, J1850PWM, ROSCO, and ISO9141/KWP2000 vehicles.

It is capable of factory-level diagnostics and programming with IDS version 125 and newer.

Subscriptions sold separately, contact customer service at Jaguar and Landrover to purchase subscription. Jaguar-Land Rover offers technical support with their factory diagnostics and reprogramming application.
